Fresh Produce Shipping is time critical and shipping needs can change by the hour. We work alongside you to accommodate those needs and get products moved and delivered on time per your instructions. Team or Solo Driver Reefer capacity is available in several size units including late model 53' and 48' trailers (swing and roll doors), and 24 and 16' box trucks, as well as sprinter vans.

Frozen Food Shipping has many critical components based on your needs. Tightly scheduled movements and 24/7 appointment management with your warehouses are a critical component of the service. Team or solo driver Frozen (reefer) capacity is available in several size units including late model 53' 48' trailers, and 24 and 16' box trucks, as well as sprinter vans.

Dry Shipments are handled with the same care and attention to detail as temp controlled. Team or solo driver, dry van capacity is available in several size units including 53' 48' 28' trailers (swing and roll doors), and 24 and 16' box trucks, as well as sprinter vans and small vehicle transport. Drop trailer pools may be available to facilitate scheduled loading or on site storage.

Tracking and Communication Specific to your business requirements, we will provide tracking updates as needed. We can integrate our technology platform through EDI or API to your portal systems. To track delivery progress, we use a combination of digital GPS tracking and our 24/7 tracking team who manually monitor movement and progress. Depending on your requirements we may update you with simple email, SMS or phone updates or through automatic updates through integration to your portal.

High Value Cargo Protection Standard Motor Carrier Cargo insurance is \$100,000 per truckload shipment. Aden Logistics offers additional high value cargo coverage on full truckload up to \$2 million cargo per FTL shipment and up to \$100,000 per LTL shipment. We are ready and prepared to handle any high value shipment you need moved.
